To whom it may concern:

Dear sir/madam,

African Hose Solutions was founded in 2020. We are proud to be a BEE Level 1 contributor.

We are based in Germiston with 16 staff members currently employed. Our staff members have over 20 years of experience in the field of the hydraulic and industrial hose supply and manufacturing.

### **We specialize in the following:**

- HIGH PRESSURE HOSES
- LOW PRESSURE HOSES
- HIGH TEMPERATURE HOSE
- METALLIC HOSES
- FURNACE COOLANT HOSES
- NON-CONDUCTIVE HOSE
- FITTINGS, COUPLINGS AND CLAMPS
- VALVES

We also manufacture special fittings, flanges and couplings according to the customers requirements. Our high pressure hose product and metallic hoses are imported from overseas and comply to the highest industrial ISO standards. Our low pressure hose products are locally manufactured by some of the biggest brand names.

We, African Hose Solutions, provide the best service, prices and quality to our clients. These critical factors are the main reason for success in the South African market and our neighboring countries. African Hose Solutions supply to some of the leading mining companies in South Africa. With our knowledge and experience we have a solution for all applications related to fluid or air transfer.

Should you require any additional information please do not hesitate to contact us.

*Yours Faithfully,*

**African Hose Solutions Team**
